About this item

- Anti-microbial
- Made in the USA
- EVA Foam sole

THE POWERSTEP PAIN FREE LIFE: Now it is your time to step into a pain free life again. Our mission and purpose at Powerstep are to create a more comfortable and happier life for our customers. Our shoe insoles for men and arch support insoles for women are Podiatrist designed and accepted by the American Podiatric Medical Association. Each one of our insoles is designed with your specific foot pain relief in mind.

YOUR EVERYDAY INSOLE SOLUTION: Don't let pain stop you in your tracks. The clinically proven pain relief and prevention of Powerstep arch support inserts let you take that power back. Pain will no longer stand between you and the moments that make life worth living. Designed to support and maintain correct neutral arch alignment.

SAY GOODBYE TO PLANTAR FASCIITIS: Our plantar fasciitis insoles for men are the ideal orthotic for pain reduction for mild to moderate pronation, metatarsal pain, arch and heel discomfort, flat feet, sore and tired feet, plantar fasciitis, and other common foot conditions. A semi rigid arch support creates stability for many types of shoes with removable insoles – athletic, casual, dress, and work shoes or boots.

COMFORT DUAL BASE EVA FOAM: Our insoles include multi layers of comfort including a durable EVA foam base and a plush foam top layer, a neutral arch and heel cradle, and a semi-rigid support shell. Our variable cushioning technology provides a dual layer of targeted and controlled cushioning, creating a comfier shoe.

PROUDLY MADE IN THE USA: We can proudly say all our Powerstep Products are designed and manufactured right here in the USA. With precision and care our American production team gives all their time and efforts into creating the most suburb and premium insole for every customer's specific foot size and needs. Your 100% satisfaction is our #1 concern, and all our products are backed by our 30-day guarantee.

About this item

- High-Density Foam
- Imported
- Full-Length Fit: High-profile, high-volume Superfeet insoles are designed to fill the length and width of your shoe for maximum support, simply trim the arch-support inserts to fit your shoes
- Stabilizer Cap: Our specialized insoles for men and women feature a base-layer stabilizer cap designed to support the rearfoot and provide additional structure and stability to the foam layer
- Deep Heel Cup: Equipped with the widest, deepest of heel cups for heel pain, these high-arch insoles for men and women offer maximum support and assist with natural shock absorption
- Superfeet Shape: The high-profile, special orthotic shape of our arch-support shoe inserts helps stabilize and support the foot, which can help reduce stress on the feet, ankles, and knees
- High Density Foam: The closed-cell foam layer in these arch-support insoles for women and men supports and cushions the foot for durable, long-lasting comfort.
