Powerstep Pinnacle Arch Supporting Insole
Powerstep Pinnacle insoles are proven to relieve pain from Plantar Fasciitis. The Powerstep Arch Support was designed by a Podiatrist specifically to relieve pain, add support and comfort. Powerstep insoles are the #1 Podiatrist recommended shoe inserts for Men and Women in the US. (Clinical Study)

Too much information in one place

Hard to read descriptions

POWERSTEP PRODUCTS WERE DESIGNED TO DO MORE THAN SIMPLY CUSHION YOUR FEET.

Our insoles combine stabilizing arch and heel support, along with cushioning, in a clinically effective design that actually decreases your foot pain and improves foot function.

PAIN RELIEF + COMFORT
Arch foot cushioning with shockwave process support.

FIRM YET FLEXIBLE SUPPORT
In arch and heel with the Powerstep patented semi-rigid support shell.

CRADLES ARCH + HEEL
Providing reinforced support for tired, aching feet.

FOR HIGH ARCHES
The GREEN offer affordable, professional-grade arch support, performance and comfort for anyone who wants their footwear to fit and feel better.

Simple Key Features with description

PRODUCT FEATURES

A. DEEP HEEL CUP
Features the widest and deepest heel cup that offers maximum support and can help with natural shock absorption.

B. DURABLE CONSTRUCTION
Superfeet insoles keep their shape, delivering reliable support and comfort for up to 12 months or 500 miles, whichever comes first.

C. SUPERFEET® SHAPE
A high profile shape to help stabilize and support the foot, which can help reduce stress on feet, ankles and knees.

D. HIGH-DENSITY FOAM
Closed-cell foam supports and cushions the foot for long lasting comfort.

E. ORGANIC, ODOR-CONTROL COATING
All natural coating that eliminates odor-causing bacteria.

F. STABILIZER CAP
Acts as the base of the insole that supports the midfoot and provides structure and stability to the foam layer.

Don't Live with Sore, Tired Feet Any More!

- **PODIATRIST DESIGNED, USA MADE:** Ninjas Arch Support Shoe Inserts were designed by a leading podiatrist, and are made right here in the USA, to address the root causes of tired, painful feet.
- **INSTANT RELIEF:** Simply Insert Ninjas Arch Support Shoe Inserts under your shoes' factory insole, instant relief in under 10 seconds of effort.
- **LOW-PROFILE, LIGHTWEIGHT:** You get the all-day comfort you deserve in a pair of low-profile, wear-anywhere Arch Support Shoe Inserts that will fit perfectly in your shoes.
- **ORTHOTIC LAB PRECISION:** Ninjas Arch Support Shoe Inserts are crafted with orthotic laboratory precision to fit YOUR foot size – not a size range. Ninjas Arch Support Shoe Inserts have a ultra-durable one piece design– ensuring they won't smell, break, rip, tear or overheat.
- **THEY FIT!** That means that there's no cutting, trimming, stuffing, or jamming Ninjas Arch Support Shoe Inserts into your shoes.

If you're one of the millions who suffer from sore, tired feet, you know how miserable it can be. Standing, walking, exercising... it all feels like a tremendous chore. And even worse, foot problems often cause pain to radiate through your legs and even into your back. It's downright excruciating... and it keeps you from enjoying the activities you once took for granted!

But now, there's Ninjas Arch Support Shoe Inserts– lightweight yet highly effective orthotic inserts that provide the support and comfort you've been missing. Versatile and durable, Ninjas Arch Support Shoe Inserts will give your feet the support they need for freedom from soreness and fatigue... no matter how active your lifestyle!

BIOMECHANICALLY DESIGNED FOR OPTIMAL FOOT & LEG FUNCTION
As you've likely heard, I'm a podiatrist, yet I'm ALSO a CUSTOMER.
Like millions of others, I'VE HAD SORE, TIRED FLAT FEET. I used to buy big ticket custom-made orthotics. While they were okay, I felt I could do better. So I put together a team of engineers to **BIOMECHANICALLY DESIGN** arch-supporting inserts that **OPTIMIZE** the FUNCTION of your FEET and LEGS.
I swear by these; as do my patients, who breathe a huge sigh of relief when they see just how simple comfort can be, and I know you will too from the moment you slip them into your shoes.

DRESS UP SHOES? FLAT? CLOGS? TENNIS? RETRO KICKS? YEP, THEY'LL FIT THOSE TOO...

We believe Arch Support Shoe Inserts should be... UNCOMPLICATED. SIMPLE. Dare we say, FUN?
And they shouldn't force you to go shoe shopping, just to get the perfect fit! (Although we certainly enjoy it more now that we can wear just about any type of shoe).

Ninjas Arch Support Shoe Inserts were such a hit with OUR PATIENTS, we couldn't keep them a secret ANY LONGER.

See for yourself, try a pair TODAY!
